ZOMG!!!! Panda Cam is back...Rejoice, all ye people

March 19, 2009

It's been a sad three and a half months for us panda-cam addicts. Ever since zoo atlanta took down our beloved panda cam at the start of the year we have been jonesing hard for a work-day break to peek at young pandizzle (xi lan, to those of you not inclined to my alternate stylings.)

Well now it's time to rejoice. As the ajc reports and the Zoo Atlanta web site confirms, the Panda Cam is coming back :-). According to the reports the Panda Cam is coming back thanks to a sponsorship from [EarthCam](#) and a generous private donation from mara strock of burke, va (thank you, thank you, thank you!!!!).

I cannot even begin to tell you how happy this makes me :-)

The Panda Cam resumes operation tomorrow at 10:00 am. Tune in!
